DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The term "general" is indefinite. Moreover, the formula is confusing with respect to the connectivity of the different moieties. For example, is V₂ connected to the carboxyl group or the unsaturated carbon-carbon bond?

3. Applicant's election without traverse of claims 1-10 and 13 in the reply filed on 9/19/05 is acknowledged.
